

Steve Eszeki - Letter of Recommendation
Tue, Oct 20, 2020

To Whom it may concern:

Steve Eszeki has been a wonderful asset to our local Census Area Office and to me her area field director. Steve has never missed a commitment and was a key contributor in leading our Census team to 100% completion of every operation finishing up 1st of all Census offices in the LA region and top 5 Nationally (out of 260).

In addition to Steve's track record of delivering outstanding results, his style is also extraordinary. He is flexible, reliable, and adapts very well and quickly to change. Steve has always been willing to step up to work no matter the location, the environment nor the short notice.

Steve is professional, positive, a true team player and any organization will benefit greatly from having Mr. Eszeki in it.

Best Regards,

Lynne S. Wands
Lead Census Field Manager
